# UNLOCKING THE MYSTERY

As a group discuss the following questions and record your findings in the *Discussion Log* below:

1. What were the uses of the artifacts found?
2. Who left these items behind?
3. How did these people survive (shelter, food, tools used, ect.)?

Once your group has had a meaningful discussion, write a newspaper article of your discoveries to share with the rest of the world. Each group member will turn in a newspaper article. All members must participate in the discussion. *Artifact Log Sheets* need to be stapled to your story before it is collected.
