

Early Cultures

THINKING ABOUT HISTORY AND GEOGRAPHY

Most scientists believe humans have walked on Earth for many thousands of years. Follow the story of these early people by linking the colored squares on the map to the colored panels of the time line. You will read more of this story as you study Chapter 3.

45,000 YEARS AGO

**OLDUVAI GORGE,
TANZANIA**

Early people hunt and gather their food

40,000 YEARS AGO

**BORDER CAVE,
SOUTH AFRICA**

People make tools from stone

30,000 YEARS AGO

**AVIGNON,
FRANCE**

People create paintings on the walls of caves

8,500 YEARS AGO

**CATAL HUYUK,
TURKEY**

An early culture begins farming
